Parent's Right to Request a Teacher's and a Paraprofessional's Qualifications
FY17-18

In compliance with the requirements of the Every Students Succeeds Act, parents may request the following information:

1. Whether the student's teacher—
 - has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
 - is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

In Georgia, notifications must occur within 30 calendar days from the start of school or upon enrollment.

- For verification purposes, notifications must contain the month/year of dissemination or, if included in another document, the primary document must contain a date, or, if the primary document is undated, records may also include supplemental documentation that contains the month/year of notification dissemination.
- For verification purposes, the name of the LEA and/ or school must be included.

In Georgia, districts are required to notify parents in all schools or programs. The district's responses to requests must be provided in a timely manner. The district must maintain records of annual notifications that meet the above requirements.
