

I Want My Child to Ride the Bus to a Different Address...

DO

- Write a note to your child's school, or call the child's school.
- The front office will verify the information
- Then they will give a **special pass** to the student to present to the bus driver.
- If the bus is NOT at capacity, your child will be allowed to ride. If the bus is at capacity, your child will be sent back to the office to make other arrangements.
- This is the **ONLY way** the driver will have authorization to let your child get off at a different stop.

DON'T

- Don't write a note and ask your child to give it to the bus driver.
- Don't tell the driver in the morning about a change in the afternoon.
- Don't call the bus shop, but rather, make arrangements with the school.
- Don't call the driver to make arrangements.
